1. Background of this RFP

1.1. About Shramik Shakti Manch

To reach the Government of India's vision of achieving a 5 trillion-dollar economy, it is crucial to tap into the potential of India's vast youth population, which is the highest in the world. To harness the power of this youth demographic and drive economic growth, it becomes imperative to ensure financial inclusion for all individuals. However, a significant challenge arises in the form of unemployed youth seeking job opportunities while industries and MSMEs struggle to find the right talent to meet their requirements.

To bridge this gap and address the pressing need for skill mapping, talent utilization, and employment facilitation, the concept of Saksham was born. Saksham leverages the power of artificial intelligence (AI) to create a dynamic platform that connects job seekers with employers/job providers seamlessly and efficiently. By harnessing AI algorithms and advanced analytics, Saksham aims to match the skills of the youth with the specific demands of industries, enabling the right talent to be identified and employed.

By providing a comprehensive solution for skill mapping, job placement, and talent development, Saksham plays a crucial role in fostering financial inclusion and driving economic growth. The platform not only benefits job seekers by connecting them with suitable employment opportunities but also supports industries and MSMEs in finding the right talent to meet their needs. By utilizing AI technology, Saksham maximizes the potential of India's youth population, unlocking their skills and channelling their talent towards achieving the vision of a robust and thriving 5 trillion-dollar economy.

The Shramik Shakti Manch (Saksham) project, initiated by TIFAC (Technology Information, Forecasting, and Assessment Council), aims to address the employment needs of blue-collar workers (Shramiks) and support Micro, Small, and Medium Enterprises (MSMEs) and other industries in identifying skilled workers. The project involves the development of a dynamic portal that facilitates skill mapping, supply-demand matching, and skill development for enhanced employability.

To execute the said project as well as to bring about a unique collaboration of technology and domain expertise, Shramik Shakti Manch is inviting desirous placement service providers for empanelment, under 'Saksham Rojgar Sathi Phase III' for the States of Maharashtra, Madhya Pradesh and Delhi.

1.2. Objectives of Saksham

The primary objectives of the Saksham project are as follows:

- **Skill Mapping:** Develop a robust system for mapping the skills of Shramiks across various regions of India.
- **Employment Facilitation:** Provide a platform for MSMEs and industries to access real-time information on the availability and skill sets of Shramiks as per their specific requirements.
- **Skill Gap Analysis:** Utilize artificial intelligence-based algorithms to analyze skill gaps, recommend skill development programs, and assist in bridging the gap between industry demands and available skills.
- **Geographic Insights:** Enable administrators and policymakers to gain insights into the regional distribution of Shramiks, demand from industries, and skill development needs to facilitate effective policy planning.
- **Proactive Guidance:** Empower Shramiks with proactive, empathetic conversations and personalized recommendations to enhance their employability and career prospects.
- **Platform Highlights:** The Saksham platform offers the following key features:
 - **Shramik Registration:** Shramiks can register through a user-friendly WhatsApp chatbot or web application, providing details about their skills, preferred locations, and current work status.
 - **Industry Portal:** A web application portal enables industries to access a comprehensive database of Shramiks across India, explore their skill profiles, share job requirements, and connect with suitable candidates based on their workforce hiring needs.
 - **Administrator Portal:** A dedicated web application portal empowers administrators and policymakers with vital information on the geographic distribution of Shramiks, industry-specific demand, skill evaluation, supply-demand mapping, and skill development requirements across regions.
 - **Multilingual Support:** The platform supports major Indian languages, ensuring effective communication with Shramiks and industries across the country.
 - **Analytical Insights:** Advanced analytical engines offer skill gap analysis, skill match recommendations, skill diary maintenance, and data-driven insights for policy formulation.

1.3. Implementation Phases

Phase-I & II (Completed):

- Development of dynamic portals for Shramiks, Industries, and Administrators.
- Pilot registrations conducted from over 700 districts across India.
- Launch of the platform on a pan-India basis, offering real-time skill mapping and industry connectivity.
- Enhancement of communication channels, including multilingual support for increased outreach and engagement.
- Strengthening technology infrastructure to ensure scalability and accommodate a larger user base.
- Development of analytical engines for in-depth skill gap analysis and policy recommendations.
- Creation of a robust Management Information System (MIS) for efficient data representation and reporting.
- Proactive guidance and personalized conversations to empower Shramiks.
- Showcasing success stories to highlight the positive impact of the platform.
- Public Private Partnership for impact enhancement

1.4. Public-Private Partnership Model: M/s. Sapio Analytica Pvt. Ltd.

To increase the effectiveness and reach of the Saksham project, the Government of India, through an open bidding process, has transferred the rights of usage for a period of 5 years on an exclusive Public-Private Partnership (PPP) model basis to M/s. Sapio Analytica Pvt. Ltd.

M/s. Sapio Analytica Pvt. Ltd. is a renowned technology and data analytics company with a proven track record in delivering innovative solutions for socio-economic development. With expertise in leveraging cutting-edge technologies, artificial intelligence, and data analytics, Sapio Analytics has emerged as a leader in transforming data into actionable insights.

Key Competencies of M/s. Sapio Analytica Pvt. Ltd.:

- **Advanced Analytics:** Sapio Analytics excels in data analysis, employing state-of-the-art techniques to derive meaningful insights and predictive models from large and complex datasets. Their expertise enables them to provide deep insights into skill gaps, industry requirements, and employment trends.
- **Technology Infrastructure:** With a robust technological infrastructure, including scalable platforms and secure data management systems, Sapio Analytics ensures seamless operation and efficient handling of data on a large scale. They have a proven ability to handle and process vast amounts of data securely and provide real-time updates.
- **Artificial Intelligence:** Sapio Analytics harnesses the power of artificial intelligence (AI) to develop intelligent algorithms and decision-making models. Their AI-driven solutions enhance the accuracy of skill matching, provide skill development recommendations, and enable proactive conversations with Shramiks.

- **Public-Private Partnership Expertise:** Sapio Analytics has a successful track record of collaborating with government bodies and private organizations in various PPP initiatives. They have demonstrated the ability to effectively manage complex projects, aligning technological expertise with the objectives of the government and stakeholders.

Benefits of the Government-Sapio Partnership: The partnership between the Government of India and M/s. Sapio Analytics brings several advantages to the Saksham project:

- **Technological Excellence:** Sapio Analytics' technological prowess ensures the deployment of a robust and scalable platform, capable of handling a vast user base and complex data analysis.
- **Data-driven Insights:** Leveraging their expertise in data analytics, Sapio Analytics will provide actionable insights on skill gaps, industry demands, and policy recommendations, enabling evidence-based decision-making.
- **Enhanced User Experience:** Sapio Analytics will enhance the platform's functionality, user interface, and multilingual support, ensuring a seamless experience for Shramiks, industries, administrators, and policymakers.
- **Industry Engagement:** With Sapio Analytics' industry partnerships, the platform will facilitate effective engagement between MSMEs, industries, and Shramiks, connecting them based on their specific skill requirements and workforce needs.
- **Sustainability and Revenue Generation:** The exclusive PPP model with Sapio Analytics ensures sustainable funding for the project, enabling continuous improvements, nationwide implementation, and long-term support for the Saksham initiative.

In conclusion, the collaboration between the Government of India and M/s. Sapio Analytica Pvt. Ltd. under the exclusive PPP model signifies a significant step towards maximizing the impact and effectiveness of the Saksham project, ultimately leading to enhanced skill mapping, employment opportunities, and socio-economic development for Shramiks and industries alike.

2. Saksham Rojgar Sathi Project

To execute the said project as well as to bring about a unique collaboration of technology and domain expertise, Shramik Shakti Manch is inviting desirous placement service providers for empanelment, **under “Saksham Rojgar Sathi Phase III” for the States of Maharashtra, Madhya Pradesh and Delhi.**

The empanelled Placement Service Providers shall be defined as **“Saksham Rojgar Sathi”** to enhance the effectiveness of the project.

2.1. Objective of the Saksham Rojgar Sathi:

The objective of the empanelment process under the Saksham Rojgar Sathi project is to identify and select qualified placement service providers in the **States of Maharashtra, Madhya Pradesh and Delhi** who can contribute effectively to the project's goals. The empanelment process aims to achieve the following objectives:

- **Quality Assurance:** The empanelment process ensures that only reputable and reliable placement service providers selected, who meet certain criteria and standards of quality in their services.
- **Skill Alignment:** The empanelment aims to identify providers whose expertise and services align with the skill requirements and employment needs of job seekers in Maharashtra. The objective is to connect job seekers with appropriate employment opportunities based on their skills, qualifications, and preferences.
- **Wide Coverage:** The empanelment process seeks to bring together a diverse range of placement service providers from various regions of Maharashtra, Madhya Pradesh, Delhi, Gujarat and Rajasthan ensuring comprehensive coverage and accessibility for job seekers across the state.
- **Collaborative Network:** Empanelment aims to build a collaborative network of service providers, facilitating knowledge sharing, best practices, and partnerships among the empanelled providers. This promotes synergy and collaboration in the placement ecosystem.
- **Compliance and Ethical Practices:** The empanelment process ensures that the selected service providers adhere to ethical practices, and legal requirements, and comply with relevant regulations, safeguarding the rights and interests of job seekers and employers.
- **Capacity Building:** Empanelment provides an opportunity for capacity building, where selected providers may receive training, resources, and support to enhance their skills, knowledge, and service delivery capabilities. This enables them to deliver high-quality services and contribute effectively to the Saksham Rojgar Sathi project.

- **Standardization:** The empanelment process establishes a standardized framework and criteria for evaluating and selecting placement service providers. This ensures fairness, transparency, and consistency in the selection process.
- **Monitoring and Evaluation:** Empanelment enables ongoing monitoring and evaluation of the performance and impact of the selected providers. Regular assessments and feedback help maintain the quality of services, identify areas for improvement, and measure the effectiveness of the empanelled providers in achieving the project's objectives.

Overall, the objective of the empanelment process is to build a network of competent, reliable, and ethical placement service providers who can effectively contribute to the Saksham Rojgar Sathi project, thereby facilitating meaningful employment opportunities for job seekers in Maharashtra, Madhya Pradesh and Delhi for Phase III.

2.2. Benefits to Saksham Rojgar Sathi

- **Revenue Sharing Opportunity:** Saksham Rojgar Sathi has a revenue-sharing arrangement with the Placement Service Providers (PSPs). This mutually beneficial partnership allows PSPs to earn a share of the revenue generated through successful placements made via the Saksham platform. This additional income stream contributes to the financial growth of PSPs and incentivizes them to actively participate in the program. The revenue-sharing arrangement not only increases the income potential for PSPs but also encourages them to expand their coverage and engage in more placement activities. This ultimately leads to greater coverage and outreach, benefiting both the PSPs and the overall objectives of the Saksham Rojgar Sathi initiative.
- **Enhanced Placement Opportunities:** Through the Saksham platform, PSPs can significantly expand their placement opportunities. The platform provides information about job vacancies across different sectors and regions, enabling PSPs to connect job seekers with suitable employment opportunities.
- **Streamlined Candidate Matching:** Saksham Rojgar Sathi uses artificial intelligence-based algorithms and logic to match candidates' skills with the requirements of industries. PSPs benefit from this automated process, which streamlines the candidate matching process and increases the chances of successful placements.
- **Improved Efficiency in Placement Process:** The Saksham platform offers features such as a candidate tracker sheet and integrated communication channels, which facilitate smooth coordination and communication between PSPs, candidates, and industries. This improves the overall efficiency of the placement process.
- **Skill Development Recommendations:** The Saksham platform provides PSPs with recommendations for skill development programs based on the skill gaps identified in

candidates. This helps PSPs guide job seekers in enhancing their skills, making them more employable and increasing their chances of successful placements.

- **Performance Evaluation:** PSPs' performance is evaluated periodically based on the number of placements achieved. This evaluation provides PSPs with an opportunity to assess their performance, identify areas for improvement, and strive for excellence in their placement services.
- **Support from Saksham and Government:** Empanelled PSPs receive support and guidance from the Saksham Rojgar Sathi initiative and the government. This support can include training programs, capacity-building initiatives, and access to relevant resources, enabling PSPs to enhance their capabilities and deliver better placement services.
- **Reputation and Recognition:** Empanelment as a Placement Service Provider with Saksham Rojgar Sathi brings credibility, recognition, and reputation to PSPs. It showcases their commitment to quality placements, adherence to standards, and contribution to the government's efforts in skill development and employment generation.
- **Networking and Collaboration Opportunities:** Empanelled PSPs have opportunities to network and collaborate with other stakeholders in the ecosystem, such as industries, training institutes, and government agencies. This can lead to strategic partnerships, knowledge sharing, and the exchange of best practices.
- **Contribution to National Development:** By participating in the Saksham Rojgar Sathi initiative, PSPs actively contribute to the vision of a skilled workforce, employment generation, and economic growth. This allows them to align their business objectives with the larger goal of nation-building.
- **Growth Partnership:** Embracing a collaborative ethos, Saksham Rojgar Sathi stands as your growth partner, committed to addressing recruitment sector challenges alongside you. Through our partnership, we assure you of unwavering support, ensuring that your journey towards success aligns with our shared vision for progress. Backed by our government affiliation, we pledge to facilitate a conducive environment where your growth thrives in tandem with ours.
- **Policy Advocacy and Collaboration:** Empanelment with Saksham Rojgar Sathi transcends mere affiliation; it offers a strategic platform for advocacy and collaboration. By joining our esteemed network, you gain a voice in shaping policy, influencing industry reform, and contributing to the advancement of employment services. Leveraging our collective expertise and government connections, we empower you to actively participate in crafting policies that shape the future landscape of employment provision.

3. Stakeholders

The stakeholders of the project include:

- **TIFAC, an autonomous body under the Department of Science & Technology, Government of India:** TIFAC plays a crucial role as the primary stakeholder in the Saksham project. It provides the overall vision, broad policy framework and general guidance necessary for the successful implementation of the initiative.
- **M/s. Sapio Analytica Pvt. Ltd.:** As the organization entrusted with the implementation of the Saksham project through a public-private partnership, M/s. Sapio Analytics Pvt. Ltd. is a significant stakeholder. They contribute their technological expertise, data analytics capabilities, and innovative solutions to achieve the project's objectives.
- **Empanelled Agencies / Saksham Rojgar Sathi:** The empanelled agencies are stakeholders who provide outsourced manpower services, source qualified candidates, coordinate interviews, and ensure successful placements. They play a crucial role in bridging the gap between job seekers and industries.
- **Job Seekers (Shramiks):** Job seekers, often referred to as Shramiks in the context of Saksham, are an important stakeholder group. They seek gainful employment opportunities and benefit from the skill profiling, job matching, and training recommendations provided by the Saksham project.
- **Micro, Small, and Medium Enterprises (MSMEs):** MSMEs form a significant stakeholder group as employers and industry representatives. They rely on the Saksham project to connect with skilled workers and address their workforce requirements effectively.
- **Industries:** Besides MSMEs, larger industries and corporations are also stakeholders in the Saksham project. They rely on the platform to identify and recruit suitable candidates to meet their specific skill demands.
- **Government Agencies and Policymakers:** Various government agencies and policymakers are stakeholders in the project. They provide guidance, and support, and monitor the progress of the initiative to ensure its alignment with broader economic and social objectives.
- **Training Institutes and Skill Development Organizations:** Training institutes and skill development organizations are stakeholders who play a crucial role in providing training programs and upskilling opportunities for job seekers identified through the Saksham project.
- **Society at Large:** The society at large, including local communities and the general public, is an important stakeholder group. The Saksham project aims to contribute to the overall socio-economic development, inclusivity, and financial inclusion of the workforce, positively impacting society.

4. Scope of work

To reach the Government's vision of achieving a 5 trillion-dollar economy, it is crucial to tap into the potential of India's vast youth population, which is the highest in the world. To harness the power of this youth demographic and drive economic growth, it becomes imperative to ensure financial inclusion for all individuals. However, a significant challenge arises in the form of unemployed youth seeking job opportunities while industries and MSMEs struggle to find the right talent to meet their requirements.

To bridge this gap and address the pressing need for skill mapping, talent utilization, and employment facilitation, the concept of Saksham was born. Saksham leverages the power of artificial intelligence (AI) to create a dynamic platform that connects job seekers with industries and MSMEs seamlessly and efficiently. By harnessing AI algorithms and advanced analytics, Saksham aims to match the skills of the youth with the specific demands of industries, enabling the right talent to be identified and employed.

The empanelled agencies will be responsible for performing the following tasks as part of their scope of work for Saksham Rojgar Sathi:

- **Sourcing and Candidate Bio-data:** Identify and source qualified and suitable candidates for the vacancies identified by Saksham. Provide comprehensive bio-data of the candidates, including their qualifications, skills, and relevant experience.
- **Interview Scheduling:** Coordinate with the shortlisted filtered candidates and schedule interviews based on the date and time decided by Saksham. Ensure timely communication and coordination between the candidates and Saksham.
- **Document Verification:** Assist in collecting the necessary documents from the selected candidates as required by Saksham. Verify the authenticity and accuracy of the documents provided, ensuring compliance with Saksham's requirements and legal obligations.
- **Background Verification:** Conduct suitable background verification, for each shortlisted candidate as per Saksham's policies and guidelines. Ensure thorough screening to assess the candidate's credibility and integrity.
- **Compliance with Statutory Guidelines:** Adhere to all applicable statutory guidelines, including those related to ESI (Employee State Insurance), PF (Provident Fund), and labour laws prevalent in the respective states. Ensure strict compliance with legal obligations and maintain accurate records and documentation.
- **Candidate Coordination:** Maintain continuous coordination with the candidates to ensure they join Saksham on the agreed-upon date. Provide necessary guidance and support to facilitate a smooth onboarding process by the digital platform.
- **Deviation Reporting:** Promptly inform Saksham of any deviations or discrepancies noticed in the candidates during the offer or onboarding process. Report any concerns or issues that may impact the candidate's suitability for the role.

- **Recruitment Support:** Offer recruitment support as required by Saksham during any stage of the vacancy or engagement process. This may include additional candidate sourcing, conducting specialized assessments, or providing expertise and guidance to enhance the effectiveness of the recruitment process.

Note: The above scope of work is provided as a general outline and can be customized based on the specific requirements and agreement between Saksham and the empanelled agencies.

5. Methodology

Post completion of the empanelment process, the following process flow can be established:

- **Onboarding Kit:** The empanelled agencies will be provided with an onboarding kit by Saksham. This kit consists of the empanelment letter, a signed copy of the agreement, Standard Operating Procedures (SOP), a candidate tracker sheet, general information about Saksham, details of the grievance helpline, and centre branding information. Additionally, access to the digital platform login will also be provided.
- **Work Indent:** Saksham will share work indents with the empanelled agency on a timely basis through email. These indents will outline the specific requirements and job vacancies that need to be filled.
- **Job Description Clarification:** If there is a need for clarification regarding the job description, the empanelled agency can discuss it with the assigned account manager from Saksham to ensure a clear understanding of the role and requirements.
- **Candidate Details Upload:** Once the empanelled agency receives confirmation from the candidates, they are required to upload the candidate details onto the tracker sheet provided in the onboarding kit. This includes relevant information such as qualifications, skills, and contact details.
- **Interview Coordination:** To ensure effective communication and smooth coordination throughout the interview process, Saksham's team will work closely with both the candidate and the empanelled agency to schedule convenient interview timings. This will enable efficient coordination between all parties involved. Additionally, a digital tracking system will be activated to monitor and track the progress of the entire process. This will provide visibility into the process flow and facilitate effective management.
- **Feedback Sharing:** After the interviews are conducted, Saksham's team will provide feedback on the candidates to the empanelled agency. This feedback helps the agency understand the assessment and evaluation of the candidate's suitability for the job vacancies.
- **Candidate Selection and Payment Initiation:** If a candidate is selected by the employer through Saksham, the payment process will be initiated as per the agreed-upon terms and conditions between Saksham and the empanelled agency. This ensures timely and accurate payment for the services rendered.

Saksham, at its discretion, reserves the right to change the scope of the RFP considering the size and variety of the requirements and the changing business conditions. The bidder will be required to be innovative, and capable, and would need to extend all their resources and services to meet the expectations of Saksham towards the desired services.

6. Payment Terms & Conditions

The payment terms and conditions for the empanelled agencies can be outlined as follows which will take care of and fully supported by nodal agency Sapio Analytics:

- **Payment Amount:** The payment amount will vary from organization to organization, with a minimum payout of INR 1000 per candidate to the Saksham Rojgar Sathi by Saksham. The exact payment structure will be specified in the work indent shared by Saksham.
- **Bonus:** A milestone bonus of INR 10,000 shall be released post-deployment of 100 successful placements.
- **Release of Payment:** The payment for the services rendered by the empanelled agency will be released post-completion of min 60 days from the date of joining of the candidate. This ensures a sufficient period for the evaluation of the candidate's performance and stability in the job.
- **Specific Terms and Conditions:** The work indent shared by Saksham will include specific terms and conditions related to payments, such as the mode of payment, frequency of payment, and any additional requirements or documentation needed for payment processing.
- **Acceptance of Work Indent:** Empanelled agencies are required to accept the work indent within 5 working days from the date of receipt. By accepting the work indent, the agency acknowledges its agreement to the terms and conditions specified, including the payment terms.

It's important to note that the exact payment terms and conditions may vary for each organization and will be detailed in the work indent shared by Saksham. Empanelled agencies are advised to carefully review and comply with the specific terms mentioned in the work indent to ensure a clear understanding of their payment obligations and entitlements.

7. General Terms and Conditions

- **Work Indent:** The issuance of the work indent will be made after the successful completion of the process of empanelment. The work indent will outline the specific requirements and placements to be made by the empanelled **Saksham Rojgar Sathi** (SRS).
- **Placement Commencement:** Empanelled applicants working as **Saksham Rojgar Sathi** (SRS) are required to initiate the placement process within 5 days from the issuance of the work indent.
- **Work Indent Validity:** The work indent issued to empanelled PSPs will be valid for a period of six months. A fresh work order for the next month will be issued subject to the following conditions:
 - Achievement of Placement Targets: PSPs should ensure that at least 60% of the half-yearly target is achieved.
 - Eligibility for Next Half-Yearly Target: Only those PSPs who have met the minimum 60% placement requirement of the half-yearly placement target will receive the next half-yearly target. For example, if the half-yearly target is set at 1000 placements, the PSP should achieve a minimum of 600 placements (employment either in wage or salary).
 - Data Responsibility: The PSP will be responsible for all data uploaded regarding Candidate Registration, with mandatory Aadhaar verification.
 - **Beneficiary Benefits: The PSP must ensure that the benefits of placement are received by the beneficiaries and should not charge any fees or service costs from the beneficiaries.**
 - Performance Evaluation: The performance of the PSPs will be evaluated every six months based on the number of placements achieved. This evaluation will be a basis for assessing the performance and continued participation of the PSP in the program.
- **Definition of Placement:** Placement is considered successful when the candidate has been onboarded by the employer, and a 2-month payslip is available as proof of employment. This ensures that the candidate has not only secured employment but has also received remuneration for their work.
- **Tender Fee:** A non-refundable tender fee of INR 2500 needs to be paid as a tender submission fee electronically on the bank details mentioned below. The tender fee receipt is to be attached along with the technical documentation on the web portal.
- **EMD:** Bidders are required to deposit a refundable Earnest Money Deposit (EMD) of INR 15,000/- (Rupees fifteen thousand only), payable electronically. However, placement service providers with less than Rs. 10 lakhs of turnover are exempted from the EMD requirement. Instead, they are only required to pay the tender fee.

- **Performance Evaluation:** Providers exempted from EMD must demonstrate their capability by placing a minimum of 30 candidates within three months. Failure to meet this criterion will result in the cancellation of their empanelment.

- Please ensure compliance with the submission guidelines and adhere to the specified mode of proposal submission to ensure a valid and eligible submission.

9. Preparation and submission of Proposals

Proposal preparation costs

- The Bidder shall be responsible for all costs incurred in connection with participation in the RFP process, including, but not limited to, costs incurred in the conduct of informative and other diligence activities, participation in meetings/discussions/presentations, preparation of the proposal, in providing any additional information required by Purchaser to facilitate the evaluation process, and in negotiating a definitive contract or all such activities related to the bid process.
- Purchaser will in no event be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

Language

The Proposal should be submitted by the Bidder in English language only. If any supporting document submitted is in any language other than English, translation of the same in the English language duly attested by the Bidders should necessarily be appended. For purposes of Proposal evaluation, the English translation shall govern.

Deviations

- The Bidder may provide deviation to the contents of the RFP document in the format prescribed.
- The Committee would evaluate and classify them as “material deviation” or “non-material deviation”.
- The Bidders would be informed in writing of the committee’s decision on the deviation, before the announcement of technical scores. The Bidders would not be allowed to withdraw the deviations submitted without the prior consent of the Purchaser.
- In case of non-material deviations, the deviations would form a part of the proposal & subsequent agreement.

Evaluation process

- The Purchaser will constitute a committee to evaluate the proposals of the agencies.
- The Committee constituted by the Shramik Shakti Manch shall evaluate the responses to the RFP and all supporting documents / documentary evidence. The inability of a Bidder to submit requisite supporting documents / documentary evidence within a reasonable time provided to it may lead to the Bidder’s Proposal being declared not acceptable.
- The Committee may ask for meetings with the Bidders to seek clarifications on their proposals.

- The Committee reserves the right to reject any or all Proposals based on any deviations if it is considered to be in contravention of the spirit of the RFP.
- Each of the proposals shall be evaluated as per the criteria specified in this RFP.

Proposal Evaluation

- Scrutiny of the Proposal will be done to ensure that the latter complies with all requisite terms and provisions. Proposals will be treated as non-responsive if it is found to have been:
 - submitted in a manner not conforming with the manner specified in the RFP document
 - submitted by the person without appropriate power of attorney
 - contains subjective/incomplete information
 - submitted without the documents mentioned in the checklist
 - non-compliant with any of the clauses of the RFP
- All responsive Bids will be considered for further processing e.g. issuing a letter of acceptance and signing of MoU etc.

Selection Method

- All the Bids/ Application forms shall be scrutinized based on the information and supporting documents submitted by the applicant under this RFP.

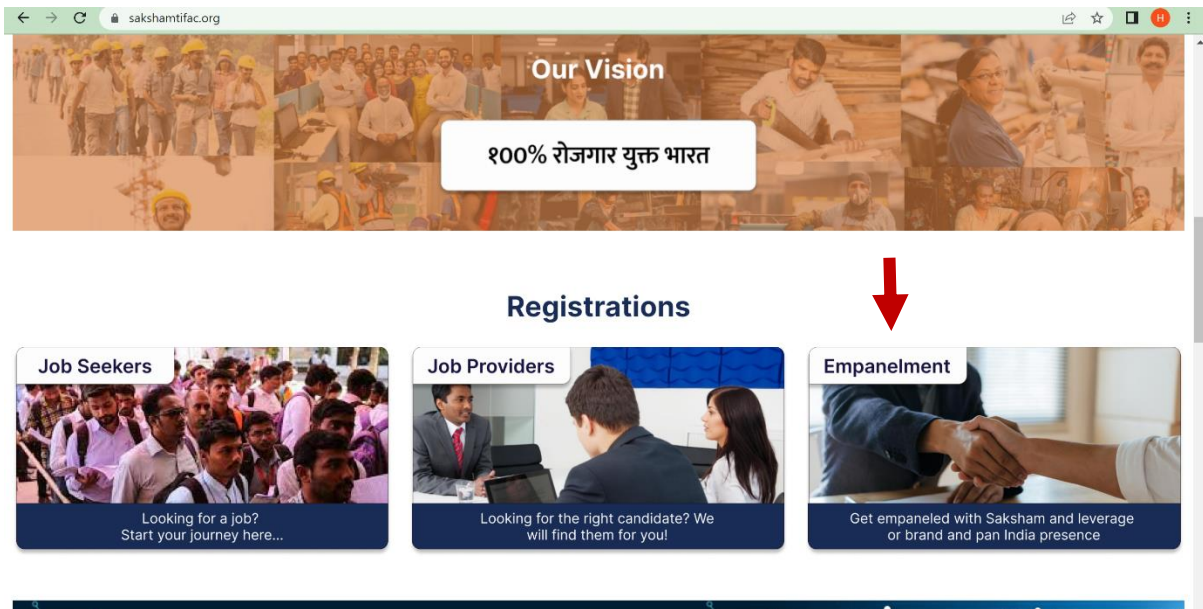

The applicants meeting all the eligibility criteria and other conditions as stated in the RFP shall be considered for empanelment.
